

Serial No. 10/669,519

Docket No. 200209671-1

REMARKS

Applicant's representative would like to thank Examiner Peikari for taking over prosecution of this application in view of Examiner Kravet's resignation. Additionally, Applicant's representative appreciates that Examiner Peikari took the time to discuss the merits of the Application on May 25, 2006. Favorable reconsideration of the application is requested in view of the comments herein.

Summary of Interview with Examiner

Applicant's representative explained to Examiner Peikari that claims 1-8, 19 and 21-30 contain similar subject matter that was considered allowable in claim 16-18, and therefore should also be allowable. Applicant's representative also explained that the cited reference Khieu teaches a CAM that stores virtual addresses that get translated into a physical address stored in the RAM. Khieu does not teach or disclose a CAM that provides selectability between a virtual address field in a first mode and a physical address field in a second mode, as recited for the most part in claims 1-8, 16-19 and 21-30.

Examiner Peikari stated that he understood and would consider the Applicant's representative's arguments and would review the application in detail the following week. Additionally, Examiner Peikari stated he would issue a new Final Office Action or a Notice of Allowance and that Applicant's representative need not respond to the outstanding Advisory Action.
